

PLAN | AWARENESS | ACKNOWLEDGE | EXECUTE

NO PLAN NO WORK

## Reverse Driving

Reversing out of parking or into parking could be a high-risk activity, especially at home. It is critical that during this activity the driver is 100% present and has full 360 degrees visibility.

## Critical Controls

### Inspection

Inspection around the vehicle for obstruction or children (if reversing at home)

### Visual

360 visibility when reversing

### Present

100% present. No other distractions
